EXPERIENCE

University of Chicago – Research Assistant to Prof. Erin Kelley <i>Labor Market and Entrepreneurship Study</i> - Built reproducible Python workflows to clean pilot survey data and generate descriptive tables, figures, and summary statistics. - Analyzed labor market profiles, entrepreneurship experience, technical skills, gender differences, and income expectations. - Drafted research results.	Feb 2025 – Present Chicago, IL
Bank of Mexico – Specialty Leader <i>Economic Information Systems Office</i> - Coordinated the publication process for flagship economic reports, ensuring consistency across text, tables, figures, charts, and maps. - Supervised analysts and interns across economic research, editorial review, and publication workflows. - Served as the main liaison for legal, transparency, compliance, non-financial risk, and internal audit matters within the Directorate General of Economic Research. - Designed editorial and consistency guidelines to standardize the Quarterly Inflation Report.	May 2023 – Aug. 2025 Mexico City, Mexico
Bank of Mexico – Information and Business Analyst <i>Economic Information Systems Office</i> - Automated editorial and data-review workflows for flagship economic reports, reducing processing time and manual review steps. - Produced analytic inputs, visualizations, tables, and data outputs for researchers and senior-level briefs. - Developed the non-financial risk matrix for the Directorate General of Economic Research.	Nov. 2019 – May 2023 Mexico City, Mexico
Bank of Mexico - Internship <i>Deputy Manager's Office for Compliance and Process Monitoring</i> - Assisted in monitoring compliance records and control activities for critical processes across the Bank of Mexico. - Reviewed and organized documentation to support internal control, process monitoring, and institutional compliance efforts.	Feb. 2019 – Aug. 2019 Mexico City, Mexico
ACCT (NGO) - Program Coordinator <i>Acción Comunitaria por la Colonia Tizapán</i> - Designed and coordinated the study plan for a community education program preparing students for high school admissions exams. - Recruited, selected, and coordinated instructors for weekly remedial and exam-preparation classes. - Supported program operations by aligning class content, teaching materials, and learning goals across instructors.	Jan. 2017 - Dec. 18 Mexico City, México
Junior Exam Officer <i>Rye School of English</i> Responsible for managing Cambridge University international certificates, logistics, and institutional relationships for the regional venues.	Feb. 2013 - Aug. 2015 León, México
